

Bearing No. T-E-HM262749D/HM262710/HM262710DG2

|                               |                                        |
|-------------------------------|----------------------------------------|
| D                             | 488,95 mm                              |
| d                             | 346,075 mm                             |
| B                             | 358,775 mm                             |
| C                             | 358,775 mm                             |
| Da                            | 456 mm                                 |
| da                            | 371 mm                                 |
| Sa                            | 6 mm                                   |
| r min.                        | 3,3 mm                                 |
| Weight                        | 227 Kg                                 |
| r1 min.                       | 3,3 mm                                 |
| Size (mm)                     | 346.075x488.95x358.77<br>5             |
| Width (mm)                    | 358,775                                |
| Bearing number                | T-E-HM262749D/HM26<br>2710/HM262710DG2 |
| Bore Diameter (mm)            | 346,075                                |
| Outer Diameter (mm)           | 488,95                                 |
| Basic dynamic load rating (C) | 4 350 kN                               |
