

Bearing No. UCTU318-700

|                               |             |
|-------------------------------|-------------|
| J                             | 1190 mm     |
| d                             | 90 mm       |
| B                             | 96 mm       |
| H                             | 170 mm      |
| L                             | 1250 mm     |
| N                             | 22 mm       |
| S                             | 40 mm       |
| T                             | 700 mm      |
| T1                            | 245 mm      |
| H1                            | 55 mm       |
| H2                            | 335 mm      |
| Weight                        | 70 Kg       |
| Bolt (G)                      | M18         |
| Width (mm)                    | 96          |
| Bearing number                | UCTU318-700 |
| Bore Diameter (mm)            | 90          |
| Basic dynamic load rating (C) | 143 kN      |
| Basic static load rating (C0) | 107 kN      |
