

**Bearing No. AST090 23060**

|                                                       |                                                 |
|-------------------------------------------------------|-------------------------------------------------|
| Material                                              | Wrapped bronze with formed lubrication indents. |
| Bearing Type                                          | straight                                        |
| Bearing number                                        | AST090 23060                                    |
| Bore Diameter (mm)                                    | 230                                             |
| Outer Diameter (mm)                                   | 235                                             |
| Wall Thickness (S3)                                   | 2.500                                           |
| OD Chamfer Length (Co)                                | 1.800                                           |
| ID Chamfer Length (Ci)                                | 0.600                                           |
| Shaft Dia., Nominal (d)                               | 230.0000                                        |
| ID Chamfer Angle (B deg.)                             | 45                                              |
| Bearing Length, Nominal (B)                           | 60.000                                          |
| Shaft Size (ds) - 230<br>-0.170 / -0.216              | 230 0.170 / 0.216                               |
| Bearing Outside Diameter, Nominal(Do)                 | 235.000                                         |
| Housing Bore Dia. (Dh) -<br>235 +0.046 / -0           | 235 +0.046 / 0                                  |
| Bearing Length Tolerance (B tol.) - +0 /<br>-0.40     | +0 / 0.40                                       |
| Bearing Bore after Mounting (di) - 235<br>+0.115 / -0 | 235 +0.115 / 0                                  |
