

Bearing No. SBPP206-18

|                               |            |
|-------------------------------|------------|
| d                             | 25,4 mm    |
| A                             | 38 mm      |
| B                             | 30 mm      |
| H                             | 33,3 mm    |
| J                             | 95 mm      |
| L                             | 117 mm     |
| N                             | 11,5 mm    |
| S                             | 8 mm       |
| H2                            | 66,3 mm    |
| H1                            | 4 mm       |
| Weight                        | 0,47 Kg    |
| Bolt (G)                      | M10        |
| Width (mm)                    | 30         |
| Bearing number                | SBPP206-18 |
| Bore Diameter (mm)            | 25,4       |
| Basic dynamic load rating (C) | 19,5 kN    |
| Basic static load rating (C0) | 11,3 kN    |
