

Bearing No. UCF216E

|                               |         |
|-------------------------------|---------|
| d                             | 80 mm   |
| A                             | 58 mm   |
| B                             | 82,6 mm |
| J                             | 165 mm  |
| L                             | 208 mm  |
| N                             | 19 mm   |
| S                             | 33,3 mm |
| A0                            | 83,3 mm |
| A1                            | 22 mm   |
| A2                            | 34 mm   |
| Weight                        | 7,3 Kg  |
| Bolt (G)                      | 11/16   |
| Bearing number                | UCF216E |
| Bore Diameter (mm)            | 80      |
| Basic dynamic load rating (C) | 72,7 kN |
| Basic static load rating (C0) | 53 kN   |
