

Bearing No. UCFA206-20

|                               |            |
|-------------------------------|------------|
| d                             | 31.75 mm   |
| A                             | 30 mm      |
| B                             | 38,1 mm    |
| H                             | 141 mm     |
| J                             | 117 mm     |
| L                             | 83 mm      |
| N                             | 11 mm      |
| S                             | 15,9 mm    |
| L1                            | 68 mm      |
| N2                            | 12 mm      |
| A0                            | 40 mm      |
| A1                            | 13 mm      |
| N1                            | 56 mm      |
| A2                            | 17,8 mm    |
| Weight                        | 1 Kg       |
| Bolt (G)                      | M10        |
| Bearing number                | UCFA206-20 |
| Bore Diameter (mm)            | 31.75      |
| Basic dynamic load rating (C) | 19,5 kN    |
| Basic static load rating (C0) | 11,3 kN    |
