

Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6320/RS/C3

Bearing No. 6320/RS/C3

|                          |                  |
|--------------------------|------------------|
| Weight                   | One Contact Seal |
| Radius Rs min            | 6.980 Kg         |
| Outside Ring Width B     | 3.000 mm         |
| Outside Diameter D       | 47.000 mm        |
| Features                 | 215.000 mm       |
| Cr - Dynamic Load Rating | 6200 rpm         |
| C0r - Static Load Rating | 4400 rpm         |
| Bore Size d              | 173 kN           |
| Clearance                | C3               |
| Bearing Type             | 140.2 kN         |
| Grease Reference Speed   | 100 mm           |
| Oil Reference Speed      | Standard DGBB    |
