

Narrow Section Ball Bearings (16000, 16100) | 16101/2RS

Bearing No. 16101/2RS

|                          |               |
|--------------------------|---------------|
| Weight                   | Contact Seals |
| Radius Rs min            | 0.024 Kg      |
| Outside Ring Width B     | 0.300 mm      |
| Outside Diameter D       | 8.000 mm      |
| Features                 | 30.000 mm     |
| Cr - Dynamic Load Rating | 33000 rpm     |
| C0r - Static Load Rating | 22000 rpm     |
| Bore Size d              | 5.1 kN        |
| Clearance                | C0 (Normal)   |
| Bearing Type             | 2.4 kN        |
| Grease Reference Speed   | 12 mm         |
