

Bearing No. 16024

|                          |             |
|--------------------------|-------------|
| Weight                   | Open        |
| Radius Rs min            | 1.4 Kg      |
| Outside Ring Width B     | 1.000 mm    |
| Outside Diameter D       | 19.000 mm   |
| Features                 | 180.000 mm  |
| Cr - Dynamic Load Rating | 4800 rpm    |
| C0r - Static Load Rating | 3300 rpm    |
| Bore Size d              | 58.8 kN     |
| Clearance                | C0 (Normal) |
| Bearing Type             | 60.4 kN     |
| Grease Reference Speed   | 120 mm      |
