

Bearing No. 16004

|                          |             |
|--------------------------|-------------|
| Weight                   | Open        |
| Radius Rs min            | 0.050 Kg    |
| Outside Ring Width B     | 0.300 mm    |
| Outside Diameter D       | 8.000 mm    |
| Features                 | 42.000 mm   |
| Cr - Dynamic Load Rating | 20000 rpm   |
| C0r - Static Load Rating | 13000 rpm   |
| Bore Size d              | 6.3 kN      |
| Clearance                | C0 (Normal) |
| Bearing Type             | 3.8 kN      |
| Grease Reference Speed   | 20 mm       |
