

Bearing No. 16032

|                          |             |
|--------------------------|-------------|
| Weight                   | Open        |
| Radius Rs min            | 4.200 Kg    |
| Outside Ring Width B     | 1.500 mm    |
| Outside Diameter D       | 25.000 mm   |
| Features                 | 240.000 mm  |
| Cr - Dynamic Load Rating | 4000 rpm    |
| C0r - Static Load Rating | 2800 rpm    |
| Bore Size d              | 99 kN       |
| Clearance                | C0 (Normal) |
| Bearing Type             | 108 kN      |
| Grease Reference Speed   | 160 mm      |
