

Bearing No. 62302/2RS

|                          |               |
|--------------------------|---------------|
| Weight                   | Contact Seals |
| Radius Rs min            | 0.100 Kg      |
| Outside Ring Width B     | 1.000 mm      |
| Outside Diameter D       | 17.000 mm     |
| Features                 | 42.000 mm     |
| Cr - Dynamic Load Rating | 19000 rpm     |
| C0r - Static Load Rating | 19000 rpm     |
| Bore Size d              | 11.4 kN       |
| Clearance                | C0 (Normal)   |
| Bearing Type             | 5.40 kN       |
| Grease Reference Speed   | 15 mm         |
