

Bearing No. 63006/2RS

|                          |               |
|--------------------------|---------------|
| Weight                   | Contact Seals |
| Radius Rs min            | 0.15 Kg       |
| Outside Ring Width B     | 1.000 mm      |
| Outside Diameter D       | 19.000 mm     |
| Features                 | 55.000 mm     |
| Cr - Dynamic Load Rating | 15000 rpm     |
| C0r - Static Load Rating | 15000 rpm     |
| Bore Size d              | 13.2 kN       |
| Clearance                | C0 (Normal)   |
| Bearing Type             | 8.3 kN        |
| Grease Reference Speed   | 30 mm         |
