

Bearing No. OH3076H

|                           |           |
|---------------------------|-----------|
| Weight                    | Tr380x5   |
| Bearing Number            | 35.80 Kg  |
| Housing Construction      | 9 mm      |
| UPC Code                  | M6        |
| Shaft Size Type           | MS3076    |
| Full Timken Part Number   | HM3076    |
| Locking Style             | 193.00 mm |
| Y2 - Geometry Factor      | 4 mm      |
| Y1 - Geometry Factor      | 450 mm    |
| Shaft Tolerance           | 360.00 mm |
| Shaft Size                | 48 mm     |
| Pre Install Clearance Min | HMV76     |
| Pre Install Clearance Max | 62.00 mm  |
