

Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6000/ZZ/C3

Bearing No. 6000/ZZ/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | Shields       |
| Radius Rs min            | 0.020 Kg      |
| Outside Ring Width B     | 0.300 mm      |
| Outside Diameter D       | 8.000 mm      |
| Features                 | 26.000 mm     |
| Cr - Dynamic Load Rating | 38000 rpm     |
| C0r - Static Load Rating | 26000 rpm     |
| Bore Size d              | 4.6 kN        |
| Clearance                | C3            |
| Bearing Type             | 2 kN          |
| Grease Reference Speed   | 10 mm         |
| Oil Reference Speed      | Standard DGBB |
