

**Bearing No. 6303/2RZ/C3**

|                          |                   |
|--------------------------|-------------------|
| Weight                   | Non-Contact Seals |
| Radius Rs min            | 0.120 Kg          |
| Outside Ring Width B     | 1.000 mm          |
| Outside Diameter D       | 14.000 mm         |
| Features                 | 47.000 mm         |
| Cr - Dynamic Load Rating | 22000 rpm         |
| C0r - Static Load Rating | 15000 rpm         |
| Bore Size d              | 13.6 kN           |
| Clearance                | C3                |
| Bearing Type             | 6.6 kN            |
| Grease Reference Speed   | 17 mm             |
| Oil Reference Speed      | Standard DGBB     |
