

# loyal Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6306/2RS/C3

Bearing No. 6306/2RS/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | Contact Seals |
| Radius Rs min            | 0.350 Kg      |
| Outside Ring Width B     | 1.100 mm      |
| Outside Diameter D       | 19.000 mm     |
| Features                 | 72.000 mm     |
| Cr - Dynamic Load Rating | 15000 rpm     |
| C0r - Static Load Rating | 10000 rpm     |
| Bore Size d              | 26.6 kN       |
| Clearance                | C3            |
| Bearing Type             | 14.9 kN       |
| Grease Reference Speed   | 30 mm         |
| Oil Reference Speed      | Standard DGBB |
