

Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6307/ZZ/C3

Bearing No. 6307/ZZ/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | Shields       |
| Radius Rs min            | 0.45 Kg       |
| Outside Ring Width B     | 1.500 mm      |
| Outside Diameter D       | 21.000 mm     |
| Features                 | 80.000 mm     |
| Cr - Dynamic Load Rating | 13000 rpm     |
| C0r - Static Load Rating | 9300 rpm      |
| Bore Size d              | 33.4 kN       |
| Clearance                | C3            |
| Bearing Type             | 19.2 kN       |
| Grease Reference Speed   | 35 mm         |
| Oil Reference Speed      | Standard DGBB |
