

Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6320/ZZ/C3

Bearing No. 6320/ZZ/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | Shields       |
| Radius Rs min            | 6.980 Kg      |
| Outside Ring Width B     | 3.000 mm      |
| Outside Diameter D       | 47.000 mm     |
| Features                 | 215.000 mm    |
| Cr - Dynamic Load Rating | 6200 rpm      |
| C0r - Static Load Rating | 4400 rpm      |
| Bore Size d              | 173 kN        |
| Clearance                | C3            |
| Bearing Type             | 140.2 kN      |
| Grease Reference Speed   | 100 mm        |
| Oil Reference Speed      | Standard DGBB |
