

# Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6021/2RS/C3

Bearing No. 6021/2RS/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | Contact Seals |
| Radius Rs min            | 1.60 Kg       |
| Outside Ring Width B     | 2.000 mm      |
| Outside Diameter D       | 26.000 mm     |
| Features                 | 160.000 mm    |
| Cr - Dynamic Load Rating | 6700 rpm      |
| C0r - Static Load Rating | 4700 rpm      |
| Bore Size d              | 69.2 kN       |
| Clearance                | C3            |
| Bearing Type             | 61.2 kN       |
| Grease Reference Speed   | 105 mm        |
| Oil Reference Speed      | Standard DGBB |
