

Bearing No. 6002/Z/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | One Shield    |
| Radius Rs min            | 0.030 Kg      |
| Outside Ring Width B     | 0.300 mm      |
| Outside Diameter D       | 9.000 mm      |
| Features                 | 32.000 mm     |
| Cr - Dynamic Load Rating | 30000 rpm     |
| C0r - Static Load Rating | 20000 rpm     |
| Bore Size d              | 5.6 kN        |
| Clearance                | C3            |
| Bearing Type             | 2.8 kN        |
| Grease Reference Speed   | 15 mm         |
| Oil Reference Speed      | Standard DGBB |
