

Bearing No. 6022/Z

|                          |               |
|--------------------------|---------------|
| Weight                   | One Shield    |
| Radius Rs min            | 1.93 Kg       |
| Outside Ring Width B     | 2.000 mm      |
| Outside Diameter D       | 28.000 mm     |
| Features                 | 170.000 mm    |
| Cr - Dynamic Load Rating | 6600 rpm      |
| C0r - Static Load Rating | 4600 rpm      |
| Bore Size d              | 82 kN         |
| Clearance                | C0 (Normal)   |
| Bearing Type             | 73 kN         |
| Grease Reference Speed   | 110 mm        |
| Oil Reference Speed      | Standard DGBB |
