

**Bearing No. 6028M/C3**

|                          |                      |
|--------------------------|----------------------|
| Weight                   | Open With Brass Cage |
| Radius Rs min            | 4.275 Kg             |
| Outside Ring Width B     | 2.000 mm             |
| Outside Diameter D       | 33.000 mm            |
| Features                 | 210.000 mm           |
| Cr - Dynamic Load Rating | 5600 rpm             |
| C0r - Static Load Rating | 3800 rpm             |
| Bore Size d              | 110 kN               |
| Clearance                | C3                   |
| Bearing Type             | 101.8 kN             |
| Grease Reference Speed   | 140 mm               |
| Oil Reference Speed      | Standard DGBB        |
