

## Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6203/2RZ/NR

Bearing No. 6203/2RZ/NR

|                                               |                                  |
|-----------------------------------------------|----------------------------------|
| Weight                                        | Non-Contact Seals With Snap Ring |
| Radius Rs min                                 | 0.070 Kg                         |
| Outside Ring Width B                          | 0.600 mm                         |
| Outside Diameter D                            | 12.000 mm                        |
| Features                                      | 40.000 mm                        |
| Cr - Dynamic Load Rating                      | 25000 rpm                        |
| C0r - Static Load Rating                      | 17000 rpm                        |
| Bore Size d                                   | 9.6 kN                           |
| Clearance                                     | C0 (Normal)                      |
| Bearing Type                                  | 4.8 kN                           |
| Grease Reference Speed                        | 17 mm                            |
| Oil Reference Speed                           | Standard DGBB                    |
| r - Outer Ring "To Clear" Radius <sup>3</sup> | 1.120 mm                         |
