

Bearing No. 6220/Z/C3

|                          |               |
|--------------------------|---------------|
| Weight                   | One Shield    |
| Radius Rs min            | 3.2 Kg        |
| Outside Ring Width B     | 2.100 mm      |
| Outside Diameter D       | 34.000 mm     |
| Features                 | 180.000 mm    |
| Cr - Dynamic Load Rating | 6500 rpm      |
| C0r - Static Load Rating | 4500 rpm      |
| Bore Size d              | 122 kN        |
| Clearance                | C3            |
| Bearing Type             | 92.7 kN       |
| Grease Reference Speed   | 100 mm        |
| Oil Reference Speed      | Standard DGBB |
