

Deep Groove Ball Bearings (6000, 6200, 6300, 6400) | 6307/RS/C3

Bearing No. 6307/RS/C3

|                          |                  |
|--------------------------|------------------|
| Weight                   | One Contact Seal |
| Radius Rs min            | 0.45 Kg          |
| Outside Ring Width B     | 1.500 mm         |
| Outside Diameter D       | 21.000 mm        |
| Features                 | 80.000 mm        |
| Cr - Dynamic Load Rating | 13000 rpm        |
| C0r - Static Load Rating | 9300 rpm         |
| Bore Size d              | 33.4 kN          |
| Clearance                | C3               |
| Bearing Type             | 19.2 kN          |
| Grease Reference Speed   | 35 mm            |
| Oil Reference Speed      | Standard DGBB    |
